## EMBEDDED SYSTEMS

### GE FANUC EMBEDDED SYSTEMS

**FORMERLY SBS, VMIC, RADSTONE, RAMIX, CONDOR, COMPUTER DYNAMICS, & DNA**

PowerPC and Intel-based single board computers: VME, CompactPCI, AdvancedMC, PMC

Communication and networking products

Avionics Data Bus interfaces: MIL-STD-1553, Arinc 429, AFDX

Carrier boards, bus adapters, graphics and video adapters, FPGA Processors

Flat Panel Computers and Monitors designed for the industrial, military, and marine markets

### NORTH ATLANTIC INDUSTRIES

COTS & Ruggedized high density Synchro, Resolver, LVDT/RVDT, serial, analog & digital I/O for VME, VXI, PCI, PC/104, and rack-and-stack configurations. AC/DC, DC/DC power supplies.

### PENTAIR ELECTRONIC PACKAGING

Schroff subracks, instrument cases, 19" cabinets, backplanes; systems for CompactPCI, VME, VME64X, PXI & AdvancedTCA.

Birtcher rugged printed circuit board hardware; Wedge-Loks, card guides, retainers, extractors, conduction cooled products.

### MACROLINK

Ruggedized enclosures for military applications, ATR chassis, workstations, and storage solutions.

### THEMIS COMPUTER

AMD and Sparc-based single-board computers for VME and CompactPCI, rugged servers for military and telecom applications

### VMETRO

Bus analyzers and exercisers for PCI, PCI Express, PMC, CompactPCI, and VME.

### WIN-ENTERPRISES

Embedded single board computers for PC/104, 3.5" SBC, 5.25" SBC, ETX, Fanless, & PICMG. 1U/2U rackmount PCs. Custom designs welcome.

### HAGIWARA

CompactFlash, IDE Drive On Modules, & USB Flash drive with virtual CD-ROM zone.

### SUPER TALENT

High speed, high capacity solid state disk drives. High performance DRAM solutions.

### PRIME VIEW

OEM flat panel displays from 2 to 12 inches featuring 16:9 and 4:3 formats

## VISION

### **SONY**

High Quality CCD Cameras for the OEM and System Integrator. Analog, Progressive Scan, Camera Link, Robotic, IEEE 1394b, 3CCD High Resolution, Block Modular, Network, & Smart Cameras.

### **IMPERX**

MegaPixel & High Speed VGA CCD cameras featuring CameraLink and GigE interfaces.

### **PIXELINK**

High resolution, high speed CMOS cameras with USB and FireWire interfaces.

### **SOUTHERN VISION SYSTEMS**

High Speed smart cameras with memory supporting rates up to 500 fps at 1280 x 1024 resolution.

### **MATROX**

Frame grabbers, vision processors, & software development tools. 4Sight family of stand-alone imaging systems that integrate video capture, processing and display. IRIS series of smart cameras.

### **TAMRON**

High quality camera lenses for machine vision.

### **ZEISS**

ZF series of high performance and wide angle Nikon F-mount lenses, an ideal accessory for high resolution cameras.

## FACTORY AUTOMATION

### **ORUS3D**

High-precision AND real-time 3D gauging with industrial robots and multi-axis systems.
